

Cedar Fork Elementary Professional Learning Teams

Week of January 4 – 8, 2016
Meeting Summaries

Kindergarten

The kindergarten team discussed students who are need of interventions in the core academic areas.

First Grade

The first grade team discussed the written rubrics and samples provided by Megan Ray. We reviewed the reasons for the scores and came to a consensus as a team.

Second Grade

The second grade team discussed the plan to complete TRC assessments. We decided to work together and capitalize on our instructional assistants' help to complete the assessments in a timely manner. We will continue to reach out to the community to enhance our real world project. In addition we decided to ask the upper grades to collaborate on our real world project. We will continue to develop the real world project. We discussed our progress on our PDP and our plan moving forward. We will continue to work on our enrichment activities and will implement the first round within the next few weeks.

Third Grade

The third grade teachers finalized and analyzed third grade assessments. We discussed the grading of on level written responses for TRC mid-year assessments. We also began to brainstorm ideas for future math project that involves the community.

Fourth Grade

The fourth grade team looked forward to 3rd quarter and standards that will be taught. The ELA team planned writing and reading units, in addition to ensuring mCLASS testing is completed. The ELA team looked at reading response notebooks and decided to focus on the extension portion of a response and will focus on this for the next couple of weeks. The math team looked at student data and arranged the math schedule so students could receive more targeted instruction with Ms. Cockerill. Ms. Diaz also took time to share the testing she will be doing with students she serves and how it will affect her schedule.

Fifth Grade

The fifth grade team discussed students who are need of interventions in the core academic areas.
