Andy likes to catch frogs.  
He caught 6 big frogs and 3  
little frogs. How many  
frogs did he catch in all?

# Different Strategies

Beans, Pennies, Small objects

Number Line

Five Frame

Break Apart Stick

Fingers

Pipe Cleaner

Ten Frame

Illustrations\*

Kevin had a birthday party. He had 10 balloons.

Then he gave away 7. How many balloons does he have now?

Strategy 1

Strategy 2

Equation

Answer with  
a label

\*\*Explanation

Turn to the person next to you  
and...

- explain the strategies you used and why.
- Ask, "do you agree/disagree?"

Your partner should answer:

- "I agree with you because... or I disagree with you because..."

Then switch!
